hackMHS VI

Learn. Create. Discover.

Join us for Millburn High School's 6th hackathon, where you will have the chance to meet and befriend fun and motivated people, be surrounded by a tight-knit community, attend tech workshops, develop new skills, create new projects, and more... with no experience necessary!

What is a hackathon?

A hackathon is a 24 hour event where people compete by building computer science projects, all while participating in workshops, projects, games, and other events.

When and where will it be?

April 6th-7th, 2019, at Millburn High School, 462 Millburn Avenue, Millburn, NJ.

How long will it last?

The hackathon will last 24 hours.

Do I have to sleep over?

Students are encouraged, although not required, to stay overnight as part of the hackathon experience. There will be designated quiet areas for sleeping. If you are uncomfortable staying overnight, you may be picked up by a parent.

How much does it cost?

Nothing at all! hackMHS is completely free to all participants. While you're here, you'll get free food and free merch.

Apply now at www.hackmhs.com!
